Beltone. Helping the world hear better

Beltone was founded on the act of helping a friend to enjoy life more. Since 1940, we have provided knowledge, tools, service and training to the professionals servicing the hearing impaired. Beltone makes quality hearing care available to more people. To do so, we develop technically optimal hearing solutions without ever losing focus on the individual's needs. It is our belief that no individual should be denied the possibility of an improved life with better hearing.

Beltone Bold
Live powerfully

More power to your life

Why compromise on hearing? This powerful digital hearing aid is specially designed to bring back the sounds of life, even if your hearing loss is severe or profound. It's designed for your maximum comfort during daily activities.

Better hearing without the whistling

Beltone Bold is full of advanced technologies to help you hear better. It gives you the power you need, yet the smart Feedback Eraser cuts out whistling, so you can follow what's going on around you without any annoying interference. Beltone Sound Shifter makes high-frequency sounds, such as the sound of children or birds, easier to hear, while Adaptive Directionality and Speech Spotter options help you hear the conversation, even in noisy situations.

Tough, robust and long lasting

Beltone Bold is built to last. This robust hearing aid is coated with HPF⁸⁰ NanoBlock inside and out that forms a protective layer to protect them from water, moisture and sweat, so you can enjoy an active life with your family. HPF⁸⁰ NanoBlock increases the lifetime of your hearing aid to give you years of trouble-free use. So you never have to miss any important moments in your life.

Designed for all-day comfort

Beltone Bold is an attractive, ergonomic hearing aid that fits comfortably behind your ear. It's easy to use as well, with a simple volume control and push button that lets you adjust your hearing aid on the go. Choose from 5 different colors to match your individual style.
